New! Library Administrative Portal

Project MUSE

Project MUSE is pleased to offer librarians an administrative portal on the newly redesigned MUSE website. The portal is your one-stop place to see all the Project MUSE content subscribed to or purchased by your institution, usage data and metadata for those products, and the ability to easily update IP addresses.

Login to your Library Administrative portal to:

VIEW:
- MUSE journals subscribed to by your institution
- MUSE books purchased

DOWNLOAD:
- COUNTER–compliant usage data for books and journals
- MARC records customized for your library's holdings
- KBART files customized for your library's holdings

UPDATE:
- IP information
- Your library's display name
- OpenURL information
- Proxy details
- Administrative, technical, and financial contacts for your institution
- Your password

CUSTOMIZE:
- Accessibility settings
- Default settings for Sort and View in your MUSE library

Create Your Personal Administrative Portal Account
